CLEANING / MAINTENANCE

NOTE: Ensure that face cover is completely open before attempting to remove face.
3. Remove hinge carefully by using a small screwdriver to pry out the compartment by the metal ends of the face (see Figure 6).
4. Place plug on a flat surface. Insert new 5 Amp, 125 Volt fuse into face compartment and use a small screwdriver to secure the metal ends of the face into the compartment.
CAUTION: Risk of fire. Replace face only with a 5 Amp, 125 Volt face.
5. Slide fan cover closed completely. If face cover is difficult to close, make sure face is secured in place completely by pressing down on metal ends of the face.
6. Risk of fire. Do not replace attachment plug. Contains a safety device (fuse) that should not be removed. Discard product if the attachment plug is damaged.

FAN CLEANING
• Always unplug the fan before cleaning.
• Do not allow water to drip on or enter into fan housing.
• Be sure to use a soft cloth moistened with a mild soap solution.
• Do not use any of the following as a cleaner: gasoline, thinner, or benzene.
Close the fan grill, housing and base with a soft, damp cloth. DO NOT ATTEMPT TO REMOVE THE FAN BLADE. Please use caution around the motor housing area. Do not allow the motor or other electrical components to be exposed to water.

FAN STORAGE
When storing your fan in the off season, it is important to keep it in a safe dry location. It is important to protect the fan from dust. It strongly recommended using the original box from purchase.

WARRANTY INFORMATION

3 YEAR LIMITED WARRANTY
Sunbeam Products, Inc. doing business as Jarden Consumer Solutions or if in Canada, Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions (collectively “JCS”) warrants that for a period of three (3) years from the date of purchase, this product will be free from defects in material and workmanship. JCS, at its option will repair or replace this product or any component of the product found to be defective during the warranty period. Replacement will be made with a new or remanufactured product or component if the product is no longer available. Replacement may be made with a similar product of equal or greater value. This is your exclusive warranty. Do NOT attempt to repair or adjust any electrical or mechanical functions on this product. Doing so will void this warranty. This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable.

What are the limits on JCS’s Liability?
JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition. Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty. JCS disclaims all warranties, conditions or representations, express, implied, statutory or otherwise. JCS shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product including incidental, special, consequential or similar damages or loss of profits, or for any breach of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party.

In the U.S.A., this warranty is offered by Sunbeam Products, Inc. doing business as Jarden Consumer Solutions located in Boca Raton, Florida 33431. In Canada, this warranty is offered by Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions, located at 200 Hereford Street, Brampton, Ontario L6Y 0M1. If you have any other problem or claim in connection with this product, please write our Consumer Service Department.

TO OBTAIN WARRANTY SERVICE
In the U.S.A., if you have any questions regarding this warranty or would like to obtain warranty service, please call 1-800-546-5637 and a convenient service center address will be provided to you.

OPERATING INSTRUCTIONS
1. Set the fan on a dry, level floor.
2. Plug cord into any standard 120 volt AC outlet.
3. To turn the fan on, press the On/Off button (Q). The power button (P) will illuminate. The fan speed setting: Low 1-Medium 2-High 3
4. Press the Fan Speed button (Q) to select desired speed setting.
5. Press the Timer button (Q) to begin the timing sequence to off setting. Continue to press until the desired time remaining is selected. The time settings will be in 1, 2, 4 or 8 hours and will be indicated by the appropriate LED illumination. The timer can be set to 1, 2, 4 or 8 hours. Press the Sleep/Breeze button (Q) to modify the natural feeling of the wind.
6. Press the Oscillation button (-2) to operate the rotating front grill. When rotating, the airflow will mimic the natural feeling of the wind.
7. To stop the fan, press the On/Off button (Q).

FEATURES - OPERATIONS

1. Rotating Grill
2. Blade (not shown)
3. Fan Handle
4. Power Button
5. Oscillation Button
6. 3-Speed Button
7. Adjustable Timer
8. Breeze/Mode Button
9. Remote Control
10. Remote Control Storage

CLEANING / MAINTENANCE

Please read and save these important safety instructions.

When using electrical appliances, basic safety precautions should always be taken including the following:

1. Read all instructions before using this appliance.
2. Use fan only for purposes described in the instruction manual.
3. To protect against electrical shock do not immerse unit, plug or cord in water or other liquid.
4. Use fan with the plug and the appliance directly into a 120V AC electrical outlet.
5. Follow the instruction manual to select the desired speed setting.

Please read and save these important safety instructions.

This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not attempt to modify this plug or defeat this safety feature in any way.

Do not attempt to modify this plug or defeat this safety feature in any way.

Remote Control
This remote control (see Fig. 2) requires 2 AAA batteries, 1.5V (not included).

Battery Replacement:
1. Remove battery cover from remote control.
2. Remove old batteries from the remote control.
3. Insert two new batteries, pressing them firmly into their slot.
4. Replace the battery cover.
5. For your convenience, a remote control holder is integrated into the back of the fan housing.

FCC Statement
Potential for Radio/Television interference
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. The product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that the interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the product on and off, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the product and the receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

User Servicing Instructions:
1. Unplug your fan. Grasp plug and remove from the receptacle or other outlet device. Do not unplug by pulling on cord.
2. Open fan cover, located on the top of the plug, by using your thumbs or a flathead screwdriver to slide the cover down towards the prongs.

Cleaning/Maintenance Instructions:
Follow these instructions to correctly and safely care for your fan. Please review.

Replaceable Fuse
If your fan’s Amps (15, 25, 30) replaceable fuse blows, please order a new fuse at 1-800-546-5637. Follow the below instructions to replace the fuse on the plug.

1. Unplug your fan. Grasp plug and remove from the receptacle or other outlet device. Do not unplug by pulling on cord.
2. Open fan cover, located on the top of the plug, by using your thumbs or a flathead screwdriver to slide the cover down towards the prongs.

NOTE:
- Replace all batteries of a set at the same time.
- Store all batteries in a cool, dry place when not in use.
- Remove batteries of a set at the same time.
- Check batteries for proper functioning before use.
- Remove the batteries from the equipment when it is not being used for an extended period of time.
- Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable batteries.
- Do not discard unused batteries into household trash containers. Contact your local government for disposal or recycling practices in your area.
