### Service & Warranty Information

#### 5 Year Limited Warranty

Sunbeam Products, Inc. doing business as Jarden Consumer Solutions or if in Canada, Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions (collectively “JCS”) warrants that for a period of five years from the date of purchase, this product will be free from defects in material and workmanship. JCS, at its option, will repair or replace this product or any component of the product found to be defective during the warranty period.

Replacement will be made with a new or remanufactured product or component. If the product is no longer available, replacement may be made with a similar product of equal or greater value. This is our exclusive warranty. Do NOT attempt to repair or adjust any electrical or mechanical functions on this product. Doing so will void this warranty. This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable.

Keep the original sales receipt. Proof of purchase is required to obtain warranty performance. JCS dealers, service centers, or retail stores selling JCS products do not have the right to alter, modify or any way change the terms and conditions of this warranty.

#### What are the limits on JCS’s Liability?

JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition.

#### Exception to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty.

JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise. JCS shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product including incidental, special, consequential or similar damages or loss of profits, or for any breach of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party.

Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction.

### How to Obtain Warranty Service

#### In the U.S.A.

If you have any question regarding this warranty or would like to obtain warranty service, please call 1-800-546-5637 and a convenient service center address will be provided to you.

#### In Canada

If you have any question regarding this warranty or would like to obtain warranty service, please call 1-800-546-5637 and a convenient service center address will be provided to you.

In the U.S.A., this warranty is offered by Sunbeam Products, Inc. doing business as Jarden Consumer Solutions located in Boca Raton, Florida 33431. In Canada, this warranty is offered by Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions, located at 200 Hereford Street, Brampton, Ontario L6Y 0W1. If you have any other problems or claims in connection with this product, please write to our Consumer Service Department. PLEASE DO NOT RETURN THIS PRODUCT TO ANY OF THESE ADDRESSES OR TO THE PLACE OF PURCHASE.

IMPORTANT SAFEGUARDS

SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons.

1. Read all instructions before using the appliance.
2. To avoid fire or shock hazard, plug the appliance directly into a 120V AC electrical outlet.
3. If the filter is covered by a bag when shipped, remove plastic bag before use.
4. Keep the cord out of heavy traffic areas. To avoid fire or shock hazard, plug the appliance into a polarized outlet. If the cord does not fit, contact qualified personnel to attempt to repair.
5. NEVER drop or insert any objects into air inlets or outlets.
6. Do not operate any appliance with a damaged cord or plug. If the motor fails to operate or the appliance is not in use, return it for examination, repair.
7. The appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.

PLUG SAFETY

PLUG SAFETY

CAUTION: To reduce the risk of electric shock, THIS PRODUCT HAS A POLARIZED PLUG. (one blade is wider than the other) This plug will fit into a polarized outlet only one way. If the plug does not fit into the outlet, reverse the plug. If it still does not fit, contact qualified personnel to install the proper outlet. DO NOT ALTER THE PLUG IN ANY WAY.

CORD SAFETY

Cord Safety

The length of cord used on the appliance was selected to reduce hanging or tripping hazards. This cord is not intended to be used as a convenience plug. The electrical rating of the extension cord must be equal to or greater than the electrical rating of the air cleaner (see rating label marked on the unit). Be sure to use your warranty. The inside of the unit contains an unspun conductive material. All servicing should be performed by Jarden Consumer Solutions or an authorized Jarden Consumer Solutions Center.

FEATURES

GET TO KNOW YOUR AIR CLEANER

Your true HEPA air cleaner removes up to 99.97% of pollen allergens as small as 0.3 micrometers, including eczema triggers, pollen, grass pollen, tree pollen, household dust, dust mite debris, mold spores, pet dander and smoke from the air passing through the filter.

IONIZER

This appliance has an optional ionizer feature which, when set on, releases negative ions into outgoing filtered air to help the air purification process.

What Are Ions?

Ions are tiny particles that carry a positive or negative charge. They exist naturally around us: in the air, water, soil and ground. Both positive and negative ions are colorless, odorless, and completely harmless.

How Does The Ionizer Work?

Negative ions help by purifying air by attracting themselves to very small aerosol particles in the room. These particles take on a negative charge and may join with positively charged particles such as dust, pollen, smoke, and pet dander to form larger particles. These larger particles are then more easily captured by the filter system.

IMPORTANT NOTES:

• Your ionizer may produce a random amount of ozone during operation (such as in a bedroom), select LOW setting.

HIGH, MEDIUM AND LOW SPEEDS

For optimum air filtration, operate your Holmes® air cleaner continuously on the HI setting. If your room is not in use, select the LO setting (is quieter). You may want to run the ionizer less often.

REPLACING THE FILTER

IMPORTANT:

• DO NOT attempt to wash or reuse the HEPA filter.

• If the filters are enclosed in plastic bags, remove before use.

NOTE:

• New filters show a color change. If the filters remain white, contact Holmes Consumer Solutions immediately.

OPERATING INSTRUCTIONS

IMPORTANT:

• DO NOT use any filters,هو. Remove all plastic bags from filters before use.

• DO NOT POINT FILTERED AIR OUTLET TOWARDS WALL.

To operate your air cleaner:

1. Plug into a 120V AC electrical outlet.
2. Select the operating speed of HIGH ( ), MEDIUM ( ) or LOW ( ) by turning the speed control knob to the appropriate setting.
3. To reduce negative ions into the filtered air, turn the ionizer ( ) on and the ionizer will illuminate.
4. To turn filter replacement, remove the cover before air cleaner is running. We recommend the air cleaner continuously. If your room is not in use, run the ionizer less often.

Cleaning / Maintenance

E. Washable Foam Pre-Filter

1. Remove the filter clip from the unit by pulling gently towards you and discard. DO NOT attempt to clean the HEPA filter.

2. Install the new Holmes® HEPA filter into the unit. This model utilizes a hanging tab and filter clip to ensure that the filter is properly in place. Before replacing the filter, make sure that the tab is securely in place. The clip can only be attached to the tabs on the filter one way. The filter clip should easily slide onto the filter housing tab only with a smooth downward pressure. DO NOT force attachment while attempting to fit the clip to the filter. (Fig. 2)

3. Algin the clips on the top of free HEPA filter with tabs on the inside of the cleaner unit. Do not attempt to force the filter onto the rail. (Fig. 3)

4. Replace air inlet grill.
