WARRANTY INFORMATION

Sunbeam Products, Inc. doing business as Jarden Consumer Solutions or if in Canada, Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions (collectively “JCS”) warrants that for a period of five years from the date of purchase, this product will be free from defects in material and workmanship. If the product fails to conform to this warranty, JCS, at its option, will repair or replace this product or any component of the product found to be defective during the warranty period.

Replacement will be made with a new or remanufactured product or component. If the product is no longer available, replacement will be made with a similar product of equal or greater value. This is your exclusive warranty. Do NOT attempt to repair or adjust any electrical or mechanical functions on this product. Doing so will void this warranty.

JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise.

Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty.

Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or losses or on limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction.

Please replace the fuse carefully by using a small screwdriver to secure the metal ends of the fuse into the compartment. CAUTION: Risk of fire. Replace fuse only with 5 Amp, 125 Volt fuse.

Slide fuse cover closed completely. If fuse cover is difficult to close, make sure fuse is secured in place completely by pressing down on metal ends of the fuse.

Risk of fire. Do not replace attachment plug.

Contains a safety device (fuse) that should not be removed. Discard product if the attachment plug is removed. Discard product if the attachment plug is removed.

Fan Cleaning

Always unplug the fan before cleaning.

Do not allow water to drip on or enter into fan housing.

Be sure to use a soft cloth moistened with a mild soap solution.

Do not use grit, harsher, or benzene as a cleaner. Clean the fan grill, housing and base with a soft, damp cloth. Do not attempt to remove the fan blades. Please use caution around the motor housing area. Do not allow water to drip on or enter into fan housing.

Fan Storage

When storing your fan in the off season, it is important to keep it in a safe dry location. It is important to protect the fan head from dust.

Replaceable Fuse

If your 5 Amp, 125 Volt replaceable fuse blows, please visit our website at www.holmesproducts.com for information on how to order a new fuse. Follow the below instructions to replace the fuse on the plug.

User Servicing Instructions

1. Unplug your fan. Grasp plug and remove from the receptacle or other outlet device. Do not unplug by pulling on cord.
2. Open fuse cover, located on top of the plug, by using your thumb or a flathead screwdriver to slide the cover down towards the prongs.

NOTE: Ensure that fuse cover is completely open before attempting to remove fuse.

3. Remove fuse carefully by using a small screwdriver to pry the fuse out of the compartment by the metal ends of the fuse. (see Figure 4)
PLEASEREADANDSAVESETHESEFAMILYSAFETYINSTRUCTIONS

1. Read all instructions before using this appliance. This fan is only for purposes described in the instruction manual.

2. Do not operate any appliance with a damaged cord or plug. If the plug does not fit fully in the outlet, do not use the appliance.

3. To protect against electrical shock do not immerse the unit, plug or cord in water or spray with liquids and plug the appliance directly into a 120V AC electrical outlet.

4. Close supervision is necessary when any appliance is used near children.

5. Unplug from outlet when not in use, when moving fan from one location to another, before putting on or taking off parts and before cleaning.

6. Avoid contact with moving parts.

7. Avoid contact with moving parts.

8. To avoid fire hazard, NEVER place the cord under rugs or any parts near an open flame, cooking or smoking areas.

9. Do not operate fan until fully assembled with all parts properly in place.

10. Do not use outdoors.

11. Do not operate any appliance with a damaged cord or plug after the appliance malfunction, or has been dropped/damaged in any manner. Discard fan or return to an authorized service facility for examination and/or repair.

12. Do not use outdoors.

13. Do not discard batteries into household trash containers. Contact your local government for disposal or recycling practices in your area.

14. To disconnect, grip plug and pull from wall outlet. Never yank on cord.

15. Always use a dry, level surface.

16. Do not operate fan until fully assembled with all parts properly in place.

17. Do not use this fan with any solid-state speed control device.

18. Never yank on cord.

19. If the fuse blows, unplug the product from the outlet. Replace the fuse as per the user servicing instructions (see Figure 3). If the replacement fuse blows, a short circuit may be present and the product should be discarded or returned to an authorized service facility for examination and/or repair.

20. This product employs overload protection (fuse). A blown fuse indicates an overload or short-circuit situation. If the fuse blows, unplugging the product from the outlet.

21. Line up the screws holes of the base halves with the screw holes on the back of the fan housing.

22. Secure with the four screws included with the product. Refer to Figure 2.

23. When turned on, the fan will randomly cycle through the three speeds settings creating a natural outdoor breeze. To activate sleep mode, press the breeze button again. This function slows the fan speed down, and when used in conjunction with the timer settings, will ultimately turn the fan off.

24. To turn the fan off press the power button (C) located on the control panel or remote control.

25. To close the cover, use one hand to hold the fan housing and the other hand to slide down the cover until it fits into place (see Figure 3).

26. On your fan features a LED display panel. When a specific feature is activated on your fan, the LED panel will light up showing which features have been activated.

REMOTE CONTROL HANDSET:
This unit requires 2 AAA batteries, 1.5V (included).

BATTERY REPLACEMENT:
(a) Remove battery cover from remote control.
(b) Remove old batteries from the remote control.
(c) Insert two new batteries, pressing them firmly into their slots.
(d) Replace the battery cover.
(e) For your convenience, a remote control storage holder is integrated into the back of the fan housing (see Figure 1).

OPERATING INSTRUCTIONS:
(See figure 3)

1. Press the Cover Release Button to access the Control panel (see Figure 3).

2. To turn the fan on, press the power button (D) located on the control panel or remote control.

3. To cycle through high, medium, and low speed settings, press the speed button (E) located on the control panel or remote control.

4. To turn the oscillation on or off, press the oscillation button (F) located on the control panel or remote control.

5. To set your fan to automatically shut off, press the timer button (G) located on the control panel or the remote control. When the fan has run and automatically shuts off after the set duration of time (1, 2, 4, or 8 hours) has expired.

6. To activate the breeze mode, press the breeze button (H) located on the control panel or remote control. When turned on, the fan will randomly cycle through

PLEASEREADANDSAVESETHESEFAMILYSAFETYINSTRUCTIONS

ASSEMBLYINSTRUCTIONS:(SEEFIGURE1&2)

1. Assemble base halves around power cord. To secure the base halves together, slide the parts of one base half into the slots of the second base half. Refer to Figure 2.

2. Use the screws holes of the base halves with the holes located on the bottom of the fan housing. Secure with the four screws included with the product. Refer to Figure 2.

3. Secure power card as shown in Figure 2.

4. Turn right-side up and place on a dry and level surface.

FEATURES-OPERATIONS

1. This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electrical shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet.

2. Do NOT ATTEMPT TO MODIFY THIS PLUG OR DEFEND THIS SAFETY FEATURE IN ANY WAY.

NOTE:
- Replace all batteries of a set at the same time.
- Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable nickel metal hydride batteries.
- Do not discard batteries into household trash containers. Contact your local government for disposal or recycling practices in your area.

FCC STATEMENT
Potential for Radio/Televison interference
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
