**Warranty Information**

**3 YEAR LIMITED WARRANTY**

Sunbeam Products, Inc. doing business as Jarden Consumer Solutions, or in Canada, Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions (collectively “JCS”) warrants that a product is free from defects in material and workmanship. JCS, at its option, will replace the product or any component of the product found to be defective during the warranty period. Replacement will be made with a new or reconditioned product. This warranty is extended only to the original retail purchaser, is non-transferable, and does not cover damage from abuse, neglect, tampering or unauthorized repair or repair or inspection or any component of the product by a retailer during the warranty period. Replacement will not restore the product to its condition at the time of purchase. This warranty is void if the product is not used in accordance with the operating instructions. JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise.

**What are the limits on JCS’s Liability?**

JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition. Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty. JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise.

JCS shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product including incidental, special, consequential or similar damages or loss of profits, or for any breach of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party.

**How to Obtain Warranty Service?**

In the U.S.A., if you have any questions regarding this warranty or would like to obtain warranty service, please call 1-800-546-5637 and a convenient service center address will be provided to you. If in Canada, this warranty is offered by Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions, located at 20 B Hereford Street, Brampton, Ontario L6Y OM1. If you have any questions regarding this warranty or would like to obtain warranty service, please call 1-800-546-5637 and a convenient service center address will be provided to you.

Ideal for dust reduction.

Ideal for allergy sufferers.

Ideal for asthma sufferers.

Ideal for dust collection.

Ideal for mold elimination.

Ideal for elimination of mold and dust.

Ideal for mold reduction.
SAFETY INSTRUCTIONS

WARNING:

1. Plug into a 120V AC electrical outlet.
2. To avoid fire or shock hazard, plug the appliance directly into a 120V AC electrical outlet.
3. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return the unit to a Jarden Holmes service center for inspection.
4. Keep the cord out of heavy traffic areas. To avoid tripping over the cord, be sure to pull the plug and not the cord.
5. DO NOT attempt to repair or remove any electrical or mechanical functions on this unit. Doing so will void the warranty. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return the unit to a Jarden Holmes service center for inspection.
6. DO NOT operate any appliance with a damaged cord or plug. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return the unit to a Jarden Holmes service center for inspection.
7. The fan in this appliance produces less ozone than the UL established limits of 50ppb. However, in high concentrations, ozone can be harmful to birds and vegetation. Use in high concentrations is not recommended.
8. DO NOT attempt to repair or remove any electrical or mechanical functions on this unit. Doing so will void the warranty. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return the unit to a Jarden Holmes service center for inspection.
9. DO NOT operate any appliance with a damaged cord or plug. If the motor fan fails to operate or the unit has been dropped or damaged in any manner, return the unit to a Jarden Holmes service center for inspection.
10. Excessive amounts of pet dander, dust, or smoke may build up on the black foam pre-filter. This can reduce the effectiveness of the ionic air cleaning system. To help prevent particles from attracting to surfaces or causing product malfunction, use a vacuum cleaner to clean the black foam pre-filter monthly. The Filter Check Indicator light will blink 3 times when the filter is nearing the end of its usable product life and is unable to capture as many charged particles.

SAFETY INSTRUCTIONS

1. Carefully unpack your Air Purifier. Select a firm level place where there are no obstructions to the air inlet or outlet.
2. Select the desired operating speed; HI (3), MEDIUM (2), LOW (1), by turning Speed Control Knob to the right. The Filter Check Indicator light will blink 3 times when the filter is nearing the end of its usable product life and is unable to capture as many charged particles.
3. To release negative ions into the filtered air, press the ON button of your Air Purifier. The Filter Check Indicator light will blink rapidly to indicate that the feature has been activated. Negative ions are only sent out into the filtered air when the button is pressed in 30 seconds or less. Note: the feature will not work unless the unit is running.

FILTER REPLACEMENT INSTRUCTIONS

1. Filters are marked on bottom of the product). (Fig. 3) The Filter Check Indicator light will blink 3 times when the filter is nearing the end of its usable product life and is unable to capture as many charged particles.
2. Open the air inlet grill and examine the black foam pre-filter. The Filter Check Indicator light will blink 3 times when the filter is nearing the end of its usable product life and is unable to capture as many charged particles.
3. To replace your Filters:
   a. Remove the old filter(s) and discard. The Filter Check Indicator light will go off.
   b. Install a new filter(s) into the filter area and snap the filter clips into place. (see instructions above).

CLEANING/MAINTENANCE INSTRUCTIONS

1. Turn the unit off and unplugging it before cleaning.
2. Use a vacuum cleaner to clean the filter rail if needed. Turn the unit back on for use.
3. To clean the black foam pre-filter, locate the filter rail on the back of the unit. Remove the rail by pulling the filter rail out of the unit. Clean with a vacuum cleaner.
4. To clean the Ionizer, locate the Ionizer button on the front of the unit. Press the Ionizer button (HI) to clean the Ionizer. The Filter Check Indicator light will blink 3 times when the filter is nearing the end of its usable product life and is unable to capture as many charged particles.

FILTER CHECK INDICATOR

Non-Holmes® Air Purifier (No button) TIPS: For Holmes® appliances, specially designed to deliver cleaner air by removing the features described in this manual. Any other use not recommended may cause fire, shock, or damage. After activated state, you may notice dust around the grids and around the filter. The ionizer in this appliance produces less ozone than the UL established limits of 50ppb. However, in high concentrations, ozone can be harmful to birds and vegetation. Use in high concentrations is not recommended.

IOSONIZER

The Ionizer in this appliance produces less ozone than the UL established limits of 50ppb. However, in high concentrations, ozone can be harmful to birds and vegetation. Use in high concentrations is not recommended.
