WARRANTY INFORMATION

Sunbeam Products, Inc. doing business as Holmes Consumer Solutions or in Canada, Sunbeam Corporation (Canada) Limited doing business as Holmes Consumer Solutions (collectively “JCS” or “JCS”) warrants that for a period of three years, this product, when new and used in normal household use, will be free from defects in material and workmanship under normal use and conditions. If this product fails to conform to this warranty during the warranty period, JCS will, at its option, repair or replace this product or any component of the product found to be defective during the warranty period. Replacement will be made with a new or remanufactured product or component. JCS shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product including incidental, special, consequential or similar damages or loss of profits, or for any breach of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party.

What are the limits on JCS’s Liability?

JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition. Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty. JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise.

Aer1® Total Air Filter(s)
Air Purifier

PLEASE READ AND SAVE THESE IMPORTANT INSTRUCTIONS
**FEATURES**

- **Cord Safety**: The length of the cord and plug ensures safe operation in making sure the plug is inserted in a wall socket or spray base of the outlet and does not touch anything else.
- **Filter Description**: If a filter needs to be replaced, to keep the inside of the unit clean and healthy, the filter must be replaced. The outer ring of the filter must be replaced if it has a plastic ring. Move the outer ring of the filter to ON and the outer ring of the filter must be replaced whenever the unit is not in use. To clean the unit, be sure to pull the plug and not directly into a 120V AC electrical outlet.

**FILTER REPLACEMENT**

- **FILTER CHECK INDICATOR**: To check the filter life, press and hold the button for 3 seconds. The indicator light will go off. It will fire a red light when the filter has reached the end of its useful life.
- **FILTER REPLACEMENT IMPORTANT**: Before resetting the Filter Check timer, press and hold the button for 3 seconds. If not, the indicator will remain on. When the filter must be replaced, the button will remain on for 3 seconds. If not, it will fire a red light when the filter has reached the end of its useful life.

**CLEANING/Maintenance INSTRUCTIONS**

- **Air Purifier Filter Cleaning/Maintenance**: The Air Purifier Filter Cleaning/Maintenance will be performed by Jarden Consumer Solutions or approved service agents. The Windmill Fan Filter replaces the Windmill Fan and the Windmill Fan Filter must be replaced whenever the unit is not in use. If it fires on the filter, the button must be replaced with a new filter after 4 months of operation. The filter timer has not reached 4 months, and the filter timer will reach 4 months at the end of the filter life. Every time you power on the air purifier, the button will remain on for 3 seconds. If not, the button will remain on for 3 seconds. The indicator light will go off. It will fire a red light when the filter has reached the end of its useful life.

**OPERATING INSTRUCTIONS**

- **FILTER CHECK SYMBOL**: To check the filter life, press and hold the button for 3 seconds. The indicator light will go off. If not, it will fire a red light when the filter has reached the end of its useful life.
- **FILTER REPLACEMENT IMPORTANT**: Before resetting the Filter Check timer, press and hold the button for 3 seconds. If not, the indicator will remain on. When the filter must be replaced, the button will remain on for 3 seconds. If not, it will fire a red light when the filter has reached the end of its useful life.

**FILTER REPLACEMENT IMPORTANT**: Before resetting the Filter Check timer, press and hold the button for 3 seconds. If not, the indicator will remain on.
