CLEANING/Maintenance

In case that you have any questions regarding this warranty or would like to obtain warranty service, please visit our website at www.holmesproducts.com or direct your correspondences to ATTN: Holmes, Jarden Consumer Solutions, PO Box 3900, Peoria IL 61614. Please do not return the product to this address. The PO Box listed can only receive letters or envelopes.

1. Unplug your fan. Grasp plug and remove from the receptacle or other outlet device. Do not unplug by pulling on cord.
2. Open fuse cover, located on the top of the plug, by pressing the cover down towards the prongs.
3. Remove fuse carefully by using a small screwdriver to pry the fuse out of the fuse compartment and use a small screwdriver or flathead screwdriver to slide the cover down towards the prongs.
4. Place plug on a solid, flat surface. Insert new 2.5 Amp, 125 Volt fuse.
5. Cover is completely open before attempting to replace.

Caution:
• Do not allow water to drip on or into the fan motor housing.
• Always unplug the fan before cleaning.
• Do not use gases, solvents or flammable substances to clean the fan.

Limited warranty:
JCS will repair or replace any Holmes Tower Fan or its component that proves to be defective in material or workmanship under normal use. This warranty only applies to the original retail purchaser from the date of initial retail purchase and is not transferable. This warranty is limited to the original retail purchaser and is not transferable. This warranty covers only the original retail purchaser and is not transferable.

FAN CLEANING:
• Always unplug the fan before cleaning.
• Open the fan with a soft cloth moistened with a mild soap solution.
• Do not allow water to drip on or into the fan motor housing.
• Do not use gases, solvents or flammable substances to clean the fan.

FAN STORAGE:
In the off-season, it is important to keep your fan in a safe, dry location.

• You may also clean the front grill of the fan by lightly running a vacuum cleaner nozzle over the grill.
• Do not allow water to drip on or into the fan motor housing.

WARRANTY INFORMATION
3 Year Limited Warranty

Severnside Products, Inc. doing business as Jarden Consumer Solutions or its Canada, Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions ("JCS") warrants that for a period of three years from the date of purchase, this product will be free from defects in material and workmanship. JCS, at its option, will repair or replace this product or any component of the product found to be defective during the warranty period. Replacement product or parts will be warranted for the remaining term of the original warranty period.

This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction. This warranty does not cover normal wear or costs or damages resulting from any of the following: unsuitable settings or use of the product; use of non-genuine replacement parts; use contrary to the operating instructions, discontinuity, repair or alteration by anyone other than JCS or an authorized JCS service center. Further, the warranty does not cover acts of God, fire, flood, hurricanes and tornadoes.

In the U.S.
This warranty doesn't cover any product or component that causes the death of any person, injured or impaired to the warranty or condition.

Exclusion of implied warranties:
This warranty is void if: the product has been altered or modified in any way; or if any part thereof has been subject to misuse, abuse, neglect, accident, or unauthorized repair or alteration by anyone other than JCS or an authorized JCS service center.

Other limitations:
This warranty is void if: the product has been subject to misuse, abuse, neglect, accident, or unauthorized repair or alteration by anyone other than JCS or an authorized JCS service center.

Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitation on how long an implied warranty last, so the above limitations or exclusion may not apply to you.

Other limitations:
Some provinces, states or jurisdictions do not allow the exclusion of incidental or consequential damages or limitation on how long an implied warranty last so the above limitations or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction.

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed, including the following:

1. Read all instructions before using this appliance.
2. Do not use the appliance if the product description or the illustration of the appliance differs from the description given in the instruction book.
3. To protect against electric shock do not immerse the appliance in water or other liquids.
4. Closer supervision is necessary when any appliance is used by or near children.
5. Discontinue use when any liquid has been spilled into the appliance, before servicing or when taking apart and before cleaning.
6. Do not operate any appliance with a damaged cord or plug or after the appliance has malfunctioned or has been dropped/damaged in any manner. Discard fan or plug after the appliance malfunctions, or has been dropped or damaged in any way.

For use in the United States

1. This appliance has a polarized plug (one blade is wider than the other). This plug will fit into the power outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, a qualified technician should be called to install the proper outlet.

Do not attempt to reverse this plug or defeat this safety feature in any way.

When using a fan:

1. Do not let the cord hang over the edge of a table, bed, etc., or touch any hot surfaces.
2. Use fan only for purposes described in the instruction manual.
3. Do not place fan near windows, curtains or any place where the airflow may be obstructed.
4. Do not place fan in an enclosed space to turn into a heater.
5. Do not use fan near flammable materials.
6. Do not place fan in damp or wet locations.
7. Do not use fan near water or other liquids.

When using electrical appliances:

1. Do not operate any appliance with a damaged cord or plug after the appliance has malfunctioned, or has been dropped or damaged in any manner. Discard fan or plug after the appliance malfunctions, or has been dropped or damaged in any way.
2. Do not use damaged or loose electrical plugs or outlets.
3. Do not locate an electrical outlet near flammable materials.

When using the remote control:

1. Do not place the remote control in direct sunlight, near a heater or any other device that generates heat.
2. Do not place the remote control in damp or wet locations.
3. Do not use the remote control if it is not being used for an extended period of time.

NOTE:

REMOTE CONTROL

1. Replace remote battery when the message Low Battery appears.

FCC STATEMENT

Potential for Radio/Television Interference

This device complies with Part 15 of the FCC rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and emits radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

Operation of this device is subject to the condition that it does not cause harmful interference when operated in a manner consistent with its intended use, determined by the power level, frequency, orientation, and location.

This device employs overload protection (fuse). A fuse blows, a short circuit may be present and the product should be disconnected or replaced to ensure safety.

NOTICE: This unit includes one lithium battery, CR2025/3V. New remote control, and slide out the battery cover as per instructions.

NOTE:
