HOW TO OBTAIN WARRANTY SERVICE

In the U.S.A., if you have any questions regarding this warranty or would like to obtain warranty service, please call 1-800-546-5637 and a convenient service center address will be provided to you.

In Canada, if you have any questions regarding this warranty or would like to obtain warranty service, please call 1-800-546-5637 and a convenient service center address will be provided to you.

In the U.S.A. and Canada, at its option, JCS shall repair, replace or refund the purchase price of this product, at its option, if this product is found to be defective during the warranty period. This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable. The warranty is void if the product has been subjected to tampering, abuse, negligence, accident, unauthorized repair or any other misuse. This warranty does not apply to normal wear and tear or to any damage resulting from the failure to follow the instructions of this owner’s guide. JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise.

What are the limits on JCS’s Liability?

Aside from the limited warranty, JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition.

LIMITED LIABILITY

This product is warranted to the original retail purchaser to be free from defects in material and workmanship for a period of three years from the date of purchase, this product will be free from defects in material and workmanship. JCS, at its option, will attempt to repair or replace this product or any component of the product that is defective during the warranty period. Replacement will made with a new or reconditioned product or component of the product that is no longer available, replacement may made with a similar product of equal or greater value. This is your exclusive remedy. JCS shall not be liable for any incidental or consequential damages or for any economic loss or losses resulting from the use or inability to use this product including, without limitation, loss of data or loss of use. Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or for any economic loss or losses resulting from the use or inability to use this product, so the above limitations or exclusion may not apply to you.

FEATURES - OPERATIONS

Cord Safety
- The length of the power cord may vary depending on the model. If the unit is placed on a table or on a counter, it should be plugged into a 120V AC electrical outlet using a non-polarized extension cord.
- If a power failure occurs, the appliance is designed to turn off automatically.

Get To Know Your Air Purifier
- The air purifier is designed to clean the air in rooms with a floor area of up to 400 square feet.
- The ionizer in this appliance produces less ozone than the UL established limits of 50 ppb.

How Does The Ionizer Work?
- Ions are tiny particles that carry a positive or negative charge. When ions mix with filtered air, they improve the air purification process.
- An ionizer is an optional feature that can be found on some models.

What Are Ions?
- Ions are tiny particles that carry a positive or negative charge.
- Air purifiers use ions to neutralize odors and smoke.

Filter Description
-HEPA (High Efficiency Particulate Air)
-Total Air Filter
-Allergen Remover Filter
-Total Air, Odor and Smoke Filter

Clean/Remove Odor
- Odor eliminators are designed to remove odors from the air.
- The ionizer is not intended to reduce smoke or other odors.

How Does The Ionizer Work?
- Ions can be used with or without the ionizer.
- The ionizer is designed to ionize the air in the room.

Cord Safety
- The length of the power cord may vary depending on the model.
- The unit should be plugged into a 120V AC electrical outlet using a non-polarized extension cord.
