WARRANTY INFORMATION

3 YEAR LIMITED WARRANTY

Sunbeam Products, Inc. doing business as Jordan Consumer Solutions or if in Canada Sunbeam Corporation (Canada) Limited doing business as Jordan Consumer Solutions (collectively “JCS”) warrants that for a period of three years from the date of purchase, this product will be free from defects in material and workmanship. JCS, at its option, will repair or replace this product or any component of the product found to be defective during the warranty period. Replacement will be made with a new or a remanufactured product or component. If the product is no longer available, replacement may be made with a similar product of equal or greater value. This is your exclusive warranty. Do NOT attempt to repair or adjust any electrical or mechanical functions on this product. Doing so will void this warranty. This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable. Keep the original sales receipt. Proof of purchase is required to obtain warranty performance. JCS dealers, service centers, or retail stores selling JCS products do not have the right to alter, modify or in any way change the terms and conditions of this warranty.

This warranty does not cover normal wear of parts or damage resulting from any of the following: negligent use or misuse of the product, use on improper voltage or current, use contrary to the operating instructions, disassembly, repair or alteration by anyone other than JCS or an authorized JCS service center. Further, the warranty does not cover: Acts of God, such as fire, flood, hurricanes and tornadoes.

What are the limits on JCS’s Liability?

JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition. Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty. JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise. JCS shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product including incidental, special, consequential or similar damages or loss of profits, or for any breach of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party. Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction.

FEATURES - OPERATIONS

ASSEMBLY INSTRUCTIONS
Assembly Time: 5-10 Minutes
Tools Required: Phillips Head Screw Driver
1. Assemble Base Halves around the power cord. Refer to Fig. 2.
2. Secure assembled base to the Fan Housing with two screws. Refer to Fig. 3 & 4.

OPERATING INSTRUCTIONS
1. Set the fan on a dry level surface.
2. Plug cord into any standard 120V AC outlet.
3. To turn the fan on, press the desired SPEED button « I II III » or push the off button « on the Control Panel.
4. To oscillate the fan head, press the OSCILLATION button « on the Control Panel. Press a second time to stop oscillation. To turn the fan off, push the off button « on the Control Panel.
5. To activate the timer feature turn the Timer Control clockwise to your desired duration (0-120 minutes). For continuous running turn the Timer Control « clockwise to « I ». To turn the fan off, turn the Timer Control « clockwise to « I » or push the off button « on the Control Panel.

CLEANING/Maintenance
FOLLOW THESE INSTRUCTIONS TO CORRECTLY AND SAFELY CARE FOR YOUR TOWER FAN. PLEASE REMEMBER:

REPLACEABLE FUSE
If your (5 Amp, 125 Volt) replaceable fuse blows, please visit our website at www.holmesproducts.com for information on how to order a new fuse. Follow the below instructions to replace the fuse on the plug.
User Servicing Instructions
1. Unplug your fan. Grasp plug and remove from the receptacle or other outlet device. Do not unplug by pulling on cord.
2. Open fuse cover, located on the top of the plug, by lightly running a vacuum cleaner nozzle over the fuse cover. Remove fuse carefully by pulling on the fuse pull tab. If fuse does not come out easily, use a small screwdriver to remove fuse. Replacement fuse should be of the same type and amperage. Fuses are available at your local hardware store.

CLEANING/MAINTENANCE INSTRUCTIONS
Follow these instructions to correctly and safely care for your Holmes® products, please visit our website at www.holmesproducts.com

CLEANING/Maintenance
In the off-season, it is important to keep your fan in a safe, dry location.
1. Please remember to use the original (or appropriately sized) fuse.
2. Please remember to protect the fan from dust or moisture.

As an added precaution, if you have any questions regarding your product or would like to learn more abuot other Holmes® products, please visit our website at www.holmesproducts.com

The information on the above fuse cover is a safety device (fuse) that should not be removed.

Risk of fire. Replace fuse only with 5 Amp, 125 Volt fuse into fuse compartment and use a small screwdriver to secure the metal ends of the fuse into the compartment.

Caution: Risk of fire. Remove fuse only with 5 Amp, 125 Volt fuse.

5. Slide fuse cover closed completely. If fuse cover is not closed completely, a short circuit may be present and the fan will not work properly.

6. Risk of fire. Do not replace attachment plug. Contains a safety device (fuses) that should not be removed. Discond product if the attachment plug is damaged.

FAN CLEANING
• Please remember to protect the fan from dust or moisture.
• Do not allow water to drip on or into the fan motor housing. Do not use cleaning products, chemicals, solvents or other liquids to clean the fan motor housing.
• Do not unplug by pulling on cord as this may cause damage to the motor housing area.

FAN STORAGE
In the off-season, it is important to keep your fan in a safe, dry location.

1. Please remember to use the original (or appropriately sized) fuse.
2. Please remember to protect the fan from dust or moisture.

When using electrical appliances, basic safety precautions should always be taken including the following:
1. Read all instructions before using this appliance.
2. Use fan only for purposes described in the instruction manual.
3. To protect against electrical shock do not immerse unit, plug or cord in water or spray with liquids and plug the appliance directly into a 120V AC electrical outlet.
4. Close supervision is necessary when any appliance is used by or near children.
5. Do not use the fan in or near water or any other liquid.
6. Avoid contact with moving parts.
7. Do not operate in the presence of explosive and/or flammable gases.
8. To avoid fire hazard, NEVER place the cord under a carpet or rug or expose it to high traffic areas.
9. Do not let the appliance be used by or near children.
10. Do not set the fan near flammable and/or explosive gases.
